

SPECIAL EDUCATION ADVISORY COMMITTEE (SEAC)

Federal or State mandates require the district to establish a special education advisory group to provide recommendations on a variety of special education topics. The district's Special Education Advisory Committee (SEAC) is comprised of parents and staff who guide the development and delivery of services available to meet the needs of all students with disabilities who are eligible for and need special education and related services. SEAC members also assist new and existing families to assure their special education needs are met. SEAC meets several times a year.
